

To all friends of Eastern Bulls

After long planning , preparation and waiting it is time now to see our friends , at the “Top of the World.”

The group will be starting to move from Kolkata , in 2 teams, from 9th July 2009. They will be going to Chandigarh by train. The second team will be leaving Kolkata on 10th July 2009.

The ride will start from Chandigarh on 12th July 2009. A vehicle has been hired for the non-riding members. There are 6 motorbikes riding in-group.

Here is brief description of the riders making to Eastern Bulls Ladhak 2009 .

SUMANTA ROYCHOWDHURY

The great photographer, steady rider and The Team Leader. Very cool person doesn't show his excitement. Sumanata Da was the first person to propose the Eastern Bulls Ladhak 2009 trip. Sumanta da will be riding his Thunderbird. Sumanta da , all your friends will be waiting to see the pictures you will be taking during the trip.

ANIS PATEL

A decent boy, father of a sweet bady, responsible friend. Anis will be riding his AVL 350 model Bullet Machsmo, to reach the Khardung-la.

ALI ASGAR TOTANAWALA

Ali – smart, determined, and fun making person. Ali prepared his bike for this ride. But missed to prepare him. Ali, we all the worried about “Hair line crack ” on your foot. Take care. His bike , Bullet 350 Stnd, aged more than him, will be taking him to Leh.

SUSHOVAN BISWAS

The guy with the strong attitude and determination. Sushovan will be riding again another Stnd 350 Bullet. This bike is also aged more than the owner. An army disposed bike. During the preparation Sushovan hasn't shown his excitement for the ride.

INDRAJEET DEASHI

Indrajeet, has shown us- how quick a person can get ready for a Ladakh ride. Indrajeet decided to join the group only on last Sunday (5th July 2009). He works in an Animation firm where meeting dead lines is only way to survive. We all are happy that he completed his assignments and joined the rides. Indrajeet will be riding his Electra 350.

PARAS SETH

The most entertaining and charmed person in the group. His level of energy bits every bodies expectation. Paras has brought his bike just 45 days back, and has completed only

2000Km on wheels. Amazing .. his mobile number ends with 007. Also Paras's Electra 350 has another exciting feature, it carry a registration number WB07C 0007. Talking about the bike number, he said, the first Zero is his and rest is Bond's .

ANINDYA SAHA

Our one of the old dude, veteran rider, Anindya have a plan to ride, but not his own bike. He will be on the hired vehicles, riding the mountain. That is the official announcement he did. But few persons in West Bengal doesn't know, in Manali, Bullet motorcycles can be hired. Best Wishes to "Mama". Would like to see some good pictures on your D50

DR. SHYAMAL SINHA

Dr. Sinha, an old friend of Sumanta da, will be in the back up vehicle. Will be supporting the team , as team doctor. We thanks to Dr. Sinha for being with the team.

AVIJIT SAHA

Brother of Anindya, had been to many rides with Eastern Bulls as pillion to Anindya.

ANANT LADSARIA

Very enthusiastic and charmed , always smiling boy. Yes, the youngest member of the team. His elder brother Bharat only allows him to take part in rides, but not riding. We have seen Anant in many rides, yet to get a Bullet on hand. However, we are very sure after coming back from Ladakh , Anant will certainly stand up and Say , "I need a Bullet"
